- (c) The procedure set forth in this chapter shall be in addition to any other remedies that may exist under law for the abatement of public nuisances, and this chapter shall not prevent the Town from proceeding in a criminal action against any person violating the provisions of this chapter.
- (d) All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed. If any part of this ordinance shall be adjudged invalid, such adjudication shall apply only to such part so adjudged and the remainder of the ordinance shall be deemed valid and effective.

All vehicles abandoned upon privately owned property, which have been abandoned for as long as 30 days are declared to constitute a health and safety hazard.

Section 3-2.07: Removal of abandoned, nuisance or junked motor vehicles; pre-towing notice requirements

Except as set forth in section 2.08 below, an abandoned, nuisance or junked vehicle which is to be removed shall be towed only after notice to the registered owner or person entitled to possession of the vehicle. In the case of a nuisance vehicle or a junked motor vehicle, if the names and mailing addresses of the registered owner, or person entitled to the possession of the vehicle, or the owner, lessee, or occupant of the real property upon which the vehicle is located can be ascertained in the exercise of reasonable diligence, notice shall be given by first class mail (or any other method authorized for service by North Carolina Rules of Civil Procedure). The person who mails the notice(s) shall retain a written record to show the name(s) and address(es) to whom the notice is mailed, and the date mailed. If such names and addresses cannot be ascertained or if the vehicle to be removed is an abandoned motor vehicle, notice shall be given by affixing on the windshield or some other conspicuous place on the vehicle. The notice shall state that the vehicle will be removed by the Town on a specified date, no sooner than seven (7) days after the notice is affixed or mailed, unless the vehicle is moved by the owner or legal possessor prior to that time.

An order to remove abandoned vehicles on private property, nuisance vehicles and junked motor vehicles to which notice is required to be given, may be appealed by the registered owner or person entitled to possession to the BOA within the time period stated in the notice to remove by appearing before the BOA at the appeal hearing date and time given on the notice. Such appeal shall stay the order of removal until final determination by the BOA. The appeal shall consider the determination that the vehicle is abandoned, or in the case of a nuisance vehicle or in the case of a junked motor vehicle that the aesthetic benefits of removing the vehicle outweigh the burdens. In the event no appeal is taken within the time period stated in the notice to remove, the code official may proceed to remove the vehicle.

Section 3-2.08: Exceptions to prior requirement

The requirement that notice be given prior to the removal of an abandoned, nuisance or junked motor vehicle may, as determined by the authorizing official, be omitted in those circumstances where there is a special need for prompt action to eliminate traffic obstructions or to otherwise maintain and protect the public safety and welfare. Such findings shall, in all cases, be entered by the authorizing official in the appropriate daily records. Circumstances justifying the removal of vehicles without prior notice include:

- (1) *Vehicles abandoned on the streets within the Town.* For vehicles left on the public streets or highways, the Town Council hereby determines that immediate removal of such vehicles therefrom for safekeeping by or under the direction of the police department, the department of planning and community development, or the department of public works, to a storage garage or area may be warranted when they are:
 - (a) Obstructing traffic;
 - (b) Parked in violation of an ordinance prohibiting or restricting parking;
 - (c) Parked in a no-stopping or standing zone;
 - (d) Parked in loading zones;
 - (e) Parked in bus zones, or;

- (2) *Other abandoned or nuisance vehicles.* With respect to abandoned or nuisance vehicles left on Town-owned property other than the streets and highways, and on private property, such vehicles may be removed without giving prior notice only in those circumstances where the authorizing official finds a special need for prompt action to protect and maintain the public health, safety and welfare; therefrom for safekeeping by or under the direction of the police department, the department of planning and community development, or the department of public works, to a storage garage or area. By way of illustration and not of limitation, such circumstances include vehicles blocking or obstructing ingress or egress to businesses and residences, vehicles parked in such a location or manner as to pose a traffic hazard, and vehicles causing damage to public or private property.

Section 3-2.09: Removal from private property.

- (a) Before any vehicle may be removed by the Town from private property as defined above to be abandon, junk or nuisance, the owner of the real property on which any such vehicle is located must be given at least five days' written notice from the Town of the vehicle removal. The owner may request in writing that the code official review the determination that the vehicle to be removed is in violation of the ordinance. No such vehicle shall be removed from privately owned premises without the written request of the owner, lessee or occupant of the premises on which the vehicle is located unless the vehicle has had the status of an abandoned vehicle on such privately owned premises for as long as 30 days and has, therefore, become a health and safety hazard in accordance with the declaration of the Council as set out in section 2.06. When a vehicle is removed from privately owned property at the request of a person, the person at whose request such vehicle is moved shall indemnify the Town against loss or expense incurred by reason of removal, storage or sale thereof.

Section 3-2.10: Removal of vehicles; post-towing requirements.

Any abandoned, nuisance or junked motor vehicle which has been ordered removed may, as directed by the Town, be removed to a storage garage or area by the tow truck operator or towing business contracting to perform such services for the Town. Whenever such a vehicle is removed, the authorizing Town official shall immediately notify the last known registered owner of the vehicle, such notice to include the following:

- (1) The description of the removed vehicle;
- (2) The location where the vehicle is stored;
- (3) The violation with which the owner is charged, if any;
- (4) The procedure the owner must follow to redeem the vehicle; and

The Town shall attempt to give notice to the vehicle owner by telephone; however, whether or not the owner is reached by telephone, written notice, including the information set forth in subsections (1) through (5) above, shall also be mailed to the registered owner's last known address, unless this notice is waived in writing by the vehicle owner or agent.

If the vehicle is registered in North Carolina, notice shall be given within twenty-four (24) hours. If the vehicle is not registered in the state, notice shall be given to the registered owner within seventy-two (72) hours from the removal of the vehicle.

Whenever an abandoned, nuisance or junked motor vehicle is removed, and such vehicle has no valid registration or registration plates, the authorizing Town official shall make reasonable efforts, including checking the vehicle identification number, to determine the last known registered owner of the vehicle and to notify him of the information set forth in subsections (1) through (5) above.

Section 3-2.11: Right to probable cause hearing before sale or final disposition of vehicle

After the removal of an abandoned vehicle, nuisance vehicle or junked motor vehicle, the owner or any other person entitled to possession is entitled to a hearing for the purpose of determining if probable cause existed for removing the vehicle. A request for hearing must be filed in writing with the county magistrate designated in G.S. §20-219.11(c) to receive such hearing requests, the magistrate will set the hearing within seventy-two (72) hours of receipt of the request, and the hearing will be conducted in accordance with the provisions of G.S. §20-219.11 as amended.

Section 3-2.12: Redemption of vehicle during proceedings

At any stage in the proceedings, including before the probable cause hearing, the owner may obtain possession of the removed vehicle by paying the towing fee, including any storage charges, or by posting a bond for double the amount of such fees and charges to the tow truck operator or towing business having custody of the removed vehicle. Upon regaining possession of a vehicle, the owner or person entitled to the possession of the vehicle shall not allow or engage in further violations of this article.

Section 3-2.13: Sale and disposition of unclaimed vehicle

Any abandoned, nuisance or junked motor vehicle which is not claimed by the owner or other party entitled to possession will be disposed of by the tow truck operator or towing business having custody of the vehicle. Disposition of such a vehicle shall be carried out in coordination with the Town and in accordance with Article 1 of Chapter 44A of the North Carolina General Statutes, except no probable cause hearing in addition to the hearing provided for in Section 2.11 is required.

State Law reference— Disposal of abandoned, nuisance or junked motor vehicle, by tow truck operator or towing business, G.S. § Art.1, Ch. 44A.

Section 3-2.14: General penalty

Violation of any provision of this Code shall subject the offender to a civil penalty in the amount of fifty dollars (\$50.00), to be recovered by the Town in a civil action in the nature of debt if the offender does not pay the penalty within a period of seventy-two (72) hours after he has been cited for violation of the ordinance. Citation shall be in writing, signed by the code official and shall be delivered or mailed to the offender either at the residence or at the place of business or at the place where the violation occurred. Each day's continuing violation shall be a separate and distinct offense. Any action to recover such civil penalty may be joined in action for appropriate equitable or other legal remedy, including injunctions and orders of abatement and including an action to recover damages owing to the Town by reason of expenses incurred by the Town in abating, correcting, limiting and otherwise dealing with the harmful effects of the offending action.

Section 3-2.15: Exceptions

Nothing in this article shall apply to any vehicle:

- (1) Regulated under G.S. § 160A-303.2 which is kept or stored at a bona fide "automobile graveyard" or "junkyard" as defined in G.S. § 136-143, in accordance with the "Junkyard Control Act," G.S. § 136-141, et seq., or the removing or disposing of any motor vehicle that is used on a regular basis for business or personal use; and

Section 3-2.16: Unlawful removal of impounded vehicle

It shall be unlawful for any person to remove or attempt to remove from any storage facility designated by the Town any vehicle which has been impounded pursuant to the provisions of this Code unless and until all towing and impoundment fees which are due, or bond in lieu of such fees, have been paid.

Section 5-1.2.6: Issue of complaint; hearing; determination of unfit dwelling; abatement procedure

- (a) Whenever a petition is filed with the code official by a public authority or by at least five (5) residents of the Town charging that any dwelling or dwelling unit is unfit for human habitation, or whenever it appears to the official that any dwelling or dwelling unit is unfit for human habitation, the code official shall, if the preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of and parties in interest in such dwelling or dwelling unit a complaint stating the charges and containing a notice that a hearing will be held before the official, at a place within the county, not less than ten (10) nor more than thirty (30) days after the serving of the complaint. The owner or any party in interest shall have the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint. - (2) If the repair, alteration or improvement of the dwelling cannot be made at a cost not to exceed (50) percent of the value of the dwelling, requiring the owner, within the time specified in the order, to remove or demolish such dwelling.
- (3) If a house has been closed and/or boarded, for a period of one year or longer, after being closed following proceedings under the substandard housing regulations and Town Council determines that the owner has abandoned the intent and purpose to render it fit for human habitation and that continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the community in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would cause or contribute to blight and deterioration of property values in the area, then in such circumstances, the Town Council may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:
 - a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty (50) percent of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within ninety (90) days; or,

- (e) If the owner fails to comply with an order to remove or demolish the dwelling, the official may cause such dwelling to be removed or demolished; provided, however, that the powers of the official set forth in subsection (d) and this subsection shall not be exercised until the Town Council has, by ordinance, ordered the official to proceed to effectuate the purpose of this article with respect to the particular property or properties, which the official has found to be unfit for human habitation and which shall be described in the ordinance. No such ordinance shall be adopted to require demolition of a dwelling until the owner has first been given a reasonable opportunity to bring it into conformity with the housing code. Such ordinance shall be recorded in the office of the register of deeds of the county and shall be indexed in the name of the property owner in the grantor index.
- (f) The amount of the cost of such repairs, alterations or improvements, or vacating and closing, or removal or demolition by the official, shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in G.S. § Ch. 160A, art. 10. If the dwelling is removed or demolished by the official, he shall sell the materials of such dwelling, any personal property, fixtures or appurtenances found in or attached to the dwelling, and shall credit the proceeds of such sale against the cost of the removal or demolition and any balance remaining shall be deposited in the superior court by the official, shall be secured in such manner as may be directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court.

The action to vacate the dwelling shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying such dwelling. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date and place not to exceed ten (10) days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. § 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if at the hearing the public official produces a certified copy of an ordinance adopted by the governing body pursuant to subdivision (e), authorizing the official to proceed to vacate the occupied dwelling, the magistrate shall enter judgment ordering that the premises be vacated and that all persons be removed. The judgment ordering that the dwelling be vacated shall be enforced in the same manner as the judgment for

Town of Hildebran

Code of Ordinances

summary ejectment entered under G.S. § 42-30. An appeal from any judgment entered hereunder by the magistrate may be taken as provided in G.S. § 7A-228, and the execution of such judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a dwelling who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this paragraph unless such occupant was served with notice at least thirty (30) days before the filing of the summary ejectment proceeding that the governing body has ordered the public official to proceed to exercise duties under paragraphs (d) and (e) of this section to vacate and close or remove and demolish the dwelling.

- (h) Any violation of this section shall additionally subject the offender to a civil penalty to be recovered by the Town pursuant to section 1-7.

Section 5-1.2.7: Appeals from orders of Code Official

(a) An appeal from any decision or order of the code official may be taken by any person who is the subject of the decision or order. Any appeal from the official shall be taken within ten days from the rendering of the decision or notice of the order, and shall be taken by filing a notice of appeal with the planning department which shall specify the grounds upon which the appeal is based. Upon the filing of any notice of appeal, the official shall forthwith transmit to the board of adjustment all papers constituting the record upon which the decision appealed from was made. When an appeal is from a decision of the code official refusing to allow the person aggrieved thereby to do any act, the decision shall remain in force until modified or reversed. When any appeal is from a decision of the code official requiring the person aggrieved to do any act, the appeal shall have the effect of suspending the requirement until the hearing of the board of adjustment, unless the official certifies to the board of adjustment, after the notice of appeal is filed with him, that by reason of the facts stated in the certificate, a copy of which shall be furnished the appellant, a suspension of the requirement would cause imminent peril to life or property, in which case the requirement shall not be suspended except by a restraining order, which may be granted for due cause shown upon not less than one day's written notice to the code official, by the board of adjustment, or by a court of record upon petition made pursuant to G.S. 160A-446(f) and the provisions of this article.

The board shall have power also in passing upon appeals, in any case where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the ordinance, to adapt the application of the ordinance to the necessities of the case to the end that the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial justice done.
